Aashaa Bora Foundation was founded by a women entrepreneur working in the areas of skill development, livelihood generation, health care, children's rights and women's empowerment.

Aashaa Bora Foundation has provided some health care facilities by giving medicines to the people who cannot afford it. Following are the health care facilities provided by Aashaa Bora Foundation:

- Helping the cancer patient.
- Providing vaccines.

### Helping the Cancer Patient:

**Name: Surajit Majumdar**

On 30<sup>th</sup> July, 2015 a programme was organised by Aashaa Bora Foundation to help a cancer patient whose name is Surajit Majumdar.

From our survey we came to know that his age is 31 years and lives in Silpukhuri, Guwahati. His mother is staying in Lucknow and working as a house keeping in Lucknow hospital. He has a sister who got married.

He has been suffering in this illness since 4 (four) years. At first, he took treatment in Dispur hospital and TB hospital in Guwahati, and the doctor said that he had Tuberculosis, and gave him to take TB medicines. Actually it was cancer he was suffering from the first time. When he did

not get any relieve from this illness then he went to Chennai to take treatment in Chennai Medical College. After that his illness came too recognised as Cancer.

Now he is staying in a rented house in Silpukhuri, Guwahati and he has been taken care by the owner of the rented house. When the team of Aashaa Bora Foundation came to know about that boy that he has been suffering from cancer then President of Aashaa Bora foundation, Aashaa Bora decided to give some medical facilities by providing medicines to him.

We wish Surajit Majumdar to get well soon.

### Providing vaccines:

**Name: Martina Khongsit**

Bimola Khongsit, mother of Martina Khongsit

On 30<sup>th</sup> July, 2015 vaccines was provided for dog bite to Martina Khongsit by Aashaa Bora Foundation. Martina Khongsit aged 22 years lives in Killing, Meghalaya. After interacting with Bimola Khongsit, mother of Martina Khongsit the team members of Aashaa Bora

Foundation came to know that Martina Khongsit and her family was looked after by Aashaa Bora, president of Aashaa Bora Foundation since two years. Martina Khongsit was bitten by a dog in the vegetable market while buying vegetables. Thus Aashaa Bora Foundation helped this girl by providing vaccines to her.

## **CONCLUSION:**

The main motive of Aashaa Bora Foundation is to create equality in the society by empowering the poor, vulnerable and disadvantageous people by providing health care facilities, education and skill development. Aashaa Bora Foundation helped Surajit Majumdar and Martina Khongsit by providing health care facilities to them and will also take such kind of initiative in future as well.
